

# COOKING WITH HELLTAKER

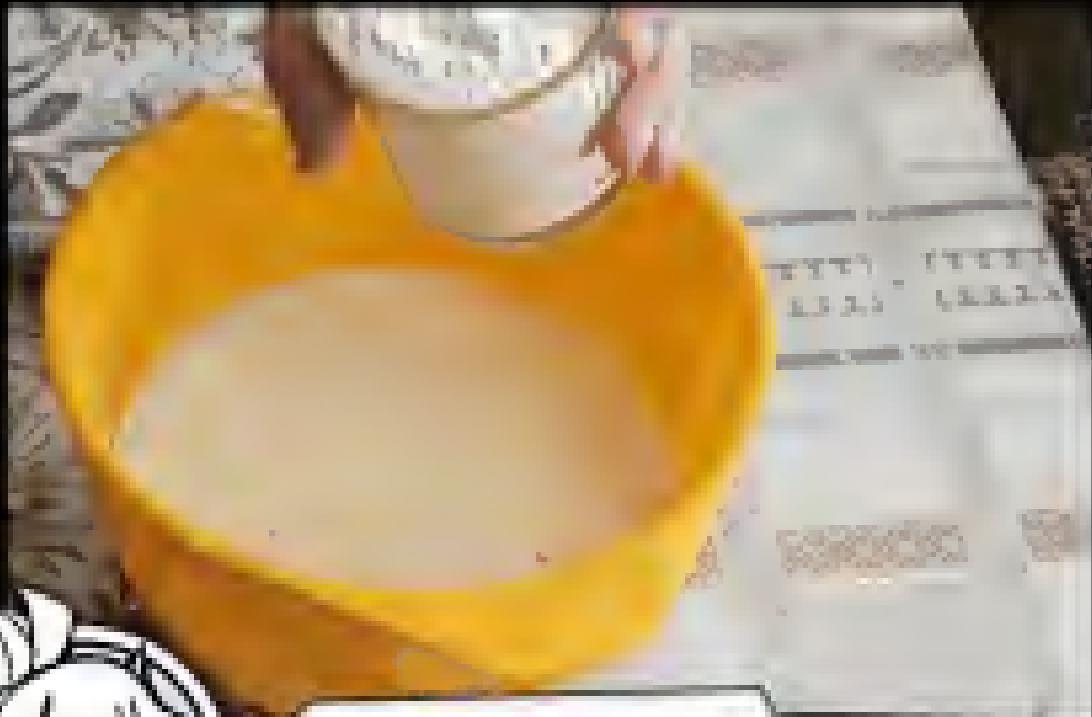

**BASE**  
INGREDIENTS = **1 EGG** + **1 CUP**  
OF MILK OR WATER + **1 CUP**  
OF FLOUR

**PANCAKE  
BATTER** = **BASE**  
INGREDIENTS × **NUMBER OF  
MOUTHS  
TO FEED**

FIRST, YOU NEED TO SOLVE THIS  
COMPLEX MATHEMATICAL PROBLEM.

NOW COMBINES EVERYTHING LIKE IN  
THE ANCIENT BIBLICAL SUMMONING RITUALS.  
BUT WITH MILK INSTEAD OF BLOOD.

STIR LIKE YOUR  
LIFE DEPENDS ON IT!

GET THE PAN HELL HOT AND APPLY  
SOME OIL. JUST ENOUGH FOR A SINGLE  
PANCAKE. WE WILL REPEAT IT EVERY TIME.

PAIN KIL

NOW THE HARD PART.  
POURING THE PANCAKE  
*AS THIN AS POSSIBLE.*

IT REQUIRES INHUMAN REFLEXES, YEARS OF  
EXPERIENCE AND MOLECULAR PERFECT BALANCE  
BETWEEN FLOUR AND MILK. GOOD LUCK.

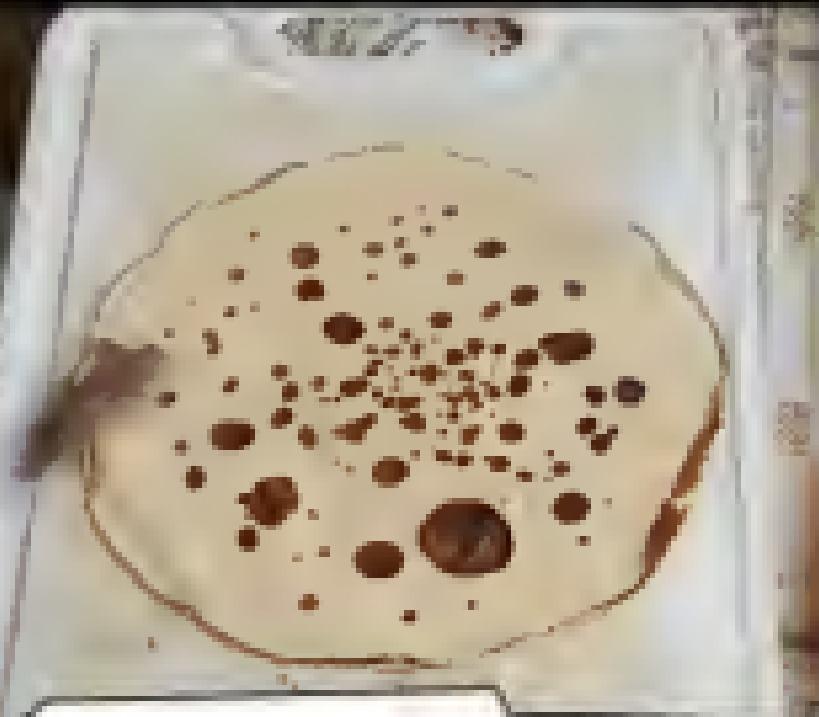

COOK FOR 1 MINUTE. FLIP IT. THEN COOK  
FOR 40 SECONDS. PANCAKE IS FINISHED.  
REPEAT WITH ALL PANCAKES.

NOW LET'S FILL THEM  
WITH CHOCOLATE CREAM. PICK ONE  
AT LEAST 50% MADE OF SUGAR!\*

\*IN SOME COUNTRIES IT'S ILLEGAL TO EVEN CALL IT "CHOCOLATE". USE AT OWN RISK.

APPLY THE AMOUNT APPROPRIATE TO THE CORRUPTION OF YOUR SOUL. YOU WERE NOT GOING TO LIVE FOREVER ANYWAY.

I THINK YOU  
ADDED TOO MUCH. EVEN  
YOU ARE NOT *THIS*  
CORRUPT.

FRESH

WE ALREADY  
CROSSED THE  
LINE SO LET'S ADD  
SOME BANANAS.

THIS ESCALATED QUICKLY...

AT LEAST ADD SOME  
SMETANA TO BREAK THIS  
RIDICULOUS SWEETNESS.

SATAN

WHAT IS SMETANA  
EVEN SUPPOSED  
TO BE?

NO IDEA. POLISH  
IMMIGRANTS SELL THE  
WEIRDEST SHIT.

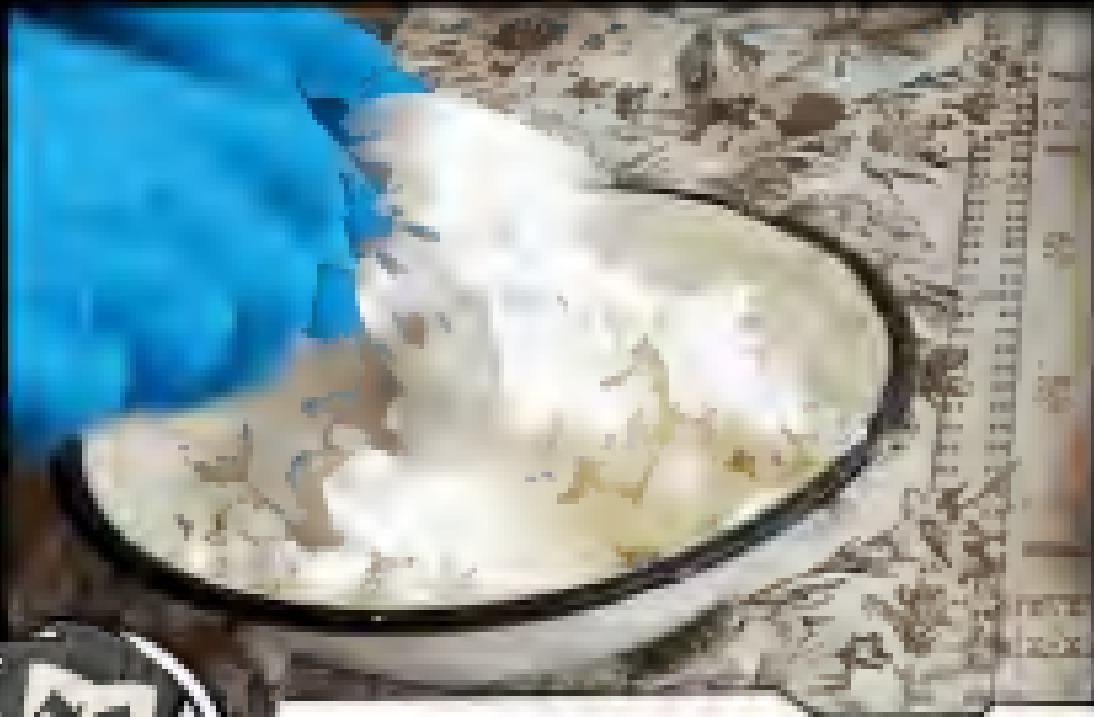

THE PANCAKE IS DONE. CONGRATULATIONS!  
PEOPLE BURN IN HELL FOR LESSER CRIMES.

IF "CHOCOLATE" IS  
TOO MUCH FOR YOU, YOU CAN  
USE DIFFERENT FILLINGS.  
LIKE HONEY OR JAM.

SATAN

I WILL SHOW YOU  
HOW MY MOTHER USED  
TO FILL PANCAKES.

MIX FAT THAWED WITH SHETARA  
(OR JUST USE SOFT QUARK) AND  
ADD SOME SUGAR. AND THAT'S IT!

A cartoon illustration of a devilish character with a wide, toothy grin. He has white skin, a large nose, and a tuft of black hair on top of his head. He is wearing a dark grey suit jacket over a red shirt with a black tie. A small, ornate brooch is visible on his left lapel. He is holding two large stacks of US dollar bills, one in each hand, with his fingers pointing upwards. The background is a solid red color.

[L or LB] • • RESTART [R or RB] •

### • A Game out of Jealousy •

Do you like sharply dressed, sexy demon men? You are in luck! Artists from around the world been entertaining their dreams about naughty devil boys in suits for decades. But what if you like sharply dressed demon women? Those are few and far between. But I refuse to fast when people next door are having a buffet! If you want something done, do it yourself.

### • He, Who Took Girls out of Hell •

Helltaker's idea is simple. What happens, if your typical edgy action hero from the 90's decides one day he wants to become a harem anime protagonist? He goes to hell to gather the girls! He needed a proper edgy nickname. I wish I've kept the list of early ideas... No, strike that! I'm glad I lost it, I don't want to remember "Devildoer".

### • Generic, the Template Demon •

I like that trope, where all the characters are unified by a set of rules. In Helltaker's case, a pale demon in red shirt and black suit, is the template from which all the girls branch. Also, because I always find excuses to skip the color theory day have partial color blindness, extremely limited color palette spared me the additional headache in the long run. In the end, it feels like I'm drawing some weird Homestuck spinoff.

### • Pandemonica, the Sadistic Demon •

Pandemonica is a tired hard-worker. A bit archaic in demeanor but in an elegant way. Socially awkward but polite... Somewhere in the middle of stuffing Ms. Perfect with all my favourite traits, I remembered this was supposed to be a game about bad girls. Then she got a second personality.

### • Modeus, the Lustful Demon •

For some reason, I kept drawing Modeus with a cheap pornstar design. Gladly, a friend of mine have told me, in a very polite way, that she's an absolute mess. Thanks to that, I was able to turn her into the sprinkled cupcake she's today. Also, her name used to be "Sodomy, the Love-Starved Demon" but literally 10 seconds before sending the pre-alpha to the first tester, I had the "Am I right in the head?" kind of revelation.

### • Cerberus, the Triple Demon •

Cerberus is my favourite *Hazbin Hotel* totally original character! She used to be a single sassy puppy, accompanied with your usual “not sure if legal” jokes. But ultimately, I decided it’s better not to play so close to the fires, and did the only sensible thing: visibly aged her up and tripled the number of bodies. Cerberus is still a single demon, though. One soul, living in three bodies at the same time.

### • Malina, the Sour Demon •

I knew I wanted some sort of salty nostalgia gamer in the crew. She even used to be into Crash Team Racing at some point! But in the end, I decided to go with turn-based strategies. Gifting her with slavic roots and love for alcohol was a natural progression. I tried to give her some video game inspired tattoos, but there was no way I could draw them consistent or even recognisable, so I dropped that concept.

• Zdrada, the Bitch Demon •

I love the idea of a mean masochist, but, being a trash amateur writer, I can't figure out how to write it. Her design is also giving me problems. I can't decide which to pick! They all look sweet but I hate how generic they are. And to top it off, I think I've picked the worst one in the end - I have no idea how to draw this hairstyle! She really badly needs a redesign.

### • Azazel, the Curious Angel •

The Curious Angel almost didn't make it into the game. The idea didn't seem very fun at first, and there was some fierce competition for the last slot in the crew: The Ritual Demon, The Mad Scientist Demon, The Goat Demon... I'm glad she made it, though. She is an absolute joy to draw and write. I considered giving her a sword, to hint that Heaven might be having some military fetish going on, but did the "Heaventaker" ending instead.

### • Justice, the Awesome Demon •

Awesome's design was decided early, she didn't change much since then. Though, I shamefully admit, I almost gave her the "cool eye". Such edgy detail wouldn't fit the character at all. Gloves are a gift from Lucifer. Demons generally hate each other, but there are exceptions.

• Lucifer, the CEO of Hell •

Lucifer's job is to take your guard down. Everything about her is meant to fool you into thinking that the game is over, so that Judgement can deliver the gut punch. Unless I blew it and you are just laughing at me now, are you?

Damn it. Demon's horns go white with age, but you have to be truly ancient.

### • Judgement, the High Prosecutor •

Judgement is my favourite *Undertale* *Guilty Gear* *Darksiders* totally original character! She is all about shock and awe. And she's actually the kindest of all the demons! Her good side gave her problems once she became the High Prosecutor, so she picked up the entire over-the-top fierce act to compensate. She got quite good at it over the years and learned to enjoy the show.

### • Beelzebub, The Great Fly •

I wanted a secret character - an endgame reward for those who decide to dwell a bit more on the game. But how to introduce a cute girl, without giving away her “waifu” status? That’s when the Giant Fly came in. Considered giving her Princess Diana’s awesome elephant suit but ended up with a different design. Only the cuffs stayed.
